Mr. Bibets rectied the facts connected with the split between Eastern and Western bowlers which followed the national convention at Buffalo, all of which was printed in an anterview with Mr. Bibets in The Evening World recently. In the olden days when Rimer was only Rimer and the willage sports fought broken-down game cocks and played casino in the back room of the general store, a race track was never dreamed of. But when modern Rimers burs flourished, raised windmills, was blessed with rural postal delivery and bloomed forth with a drug store and a hotel, the trutting track idea took full root.

It bore fruit this year for the first time and the Rimersburg Driving Association came into being. According to T. B.
